Transforming Young Lives

DM Thomas Foundation for Young People aims to transform young lives. We do this by supporting positive, life-changing and life-enhancing activities that improve the health and education of disabled, sick and disadvantaged children and young people.

Our projects provide training, equipment and support so that young people are able to reach their full potential. We specialise in partnering with smaller, local organisations.

Please support us and help us to transform young lives.

We want young people to be able to achieve their full potential. Our ABLE grant framework provides the tools, opportunities and support to help these young people to transform their lives.

Since 2000 the Foundation has grown to raise and donate more than £1 million each year. We are only able to achieve this thanks to everybody's generous support and belief in our mission to transform young lives.

"My teacher said I am much more focused in class and I am now on track to pass my exams."

*"I have made
new friends and
feel much more
confident."*

*"Our team
won the boccia
tournament
yesterday! I was
so proud that we
achieved this."*

Get involved

There are lots of ways you can help us to transform young lives. From attending one of our events or running a marathon, hosting a bake sale, buying a set of ducks or even cycling from Land's End to John O'Groats, we have something to suit everyone. We also work closely with companies to help activate their volunteering programmes and engage their employees.

To help us, please call the team on **020 7605 7733** or email **help@dmthyp.org**

Together, we can transform young lives.
